

Lapalco Blvd. (Manhattan to Bayou Fatma)

Jefferson Parish, Louisiana

Summary:

Lapalco Boulevard is a major transportation corridor, carrying in excess of 65,000 vehicles per day. The corridor is being upgraded incrementally through a series of widening and overlay projects as funding becomes available. The current effort is a basic mill and overlay project in a heavily travelled commercial section of the corridor. Final plans will be completed this year and the project let before March 4, 2010. The estimated project cost is \$1.2 million.

Benefits:

- Rehabilitation of Distressed Roadway Section
- Increased Traffic Safety
- Enhanced Transportation/Freight Mobility
- Expeditious Project Delivery
